Our broad service offering and regional advantages support new product development, sustaining, engineering and manufacturing ensuring minimal hand-offs and complete responsibility from material sourcing to finish machined and assembled product.

Our global inventory and manufacturing capability enables products to be manufactured in the best fit strategic location at lowest total cost.

Our customers depend on our innovative approach to supply chain management that delivers:

- Industry knowledge and expertise
- Reduced costs, downtime and inventory
- Delivery reliability
- Unrivaled product integrity

If you are having issues with existing or future supply of Nickel, Chrome or Low Alloy raw material or turnkey components due to recent changes in your supplier base contact us at [sales@howcogroup.com](mailto:sales@howcogroup.com) or directly with your Howco account manager at any of the above locations.
